

# SIMPLIFY PAYMENTS. STRENGTHEN PROFIT.

Embedded payment processing with flat-rate pricing, instant reconciliation, and modern patient options — all built into your practice management workflow.

Healthcare payment processing shouldn't be complicated, unpredictable, or disconnected.

**Nextech Payments embeds seamless, automated processing** directly into your workflow — saving time, protecting margins, and **delivering a modern patient experience.**

## Pricing You Can Trust

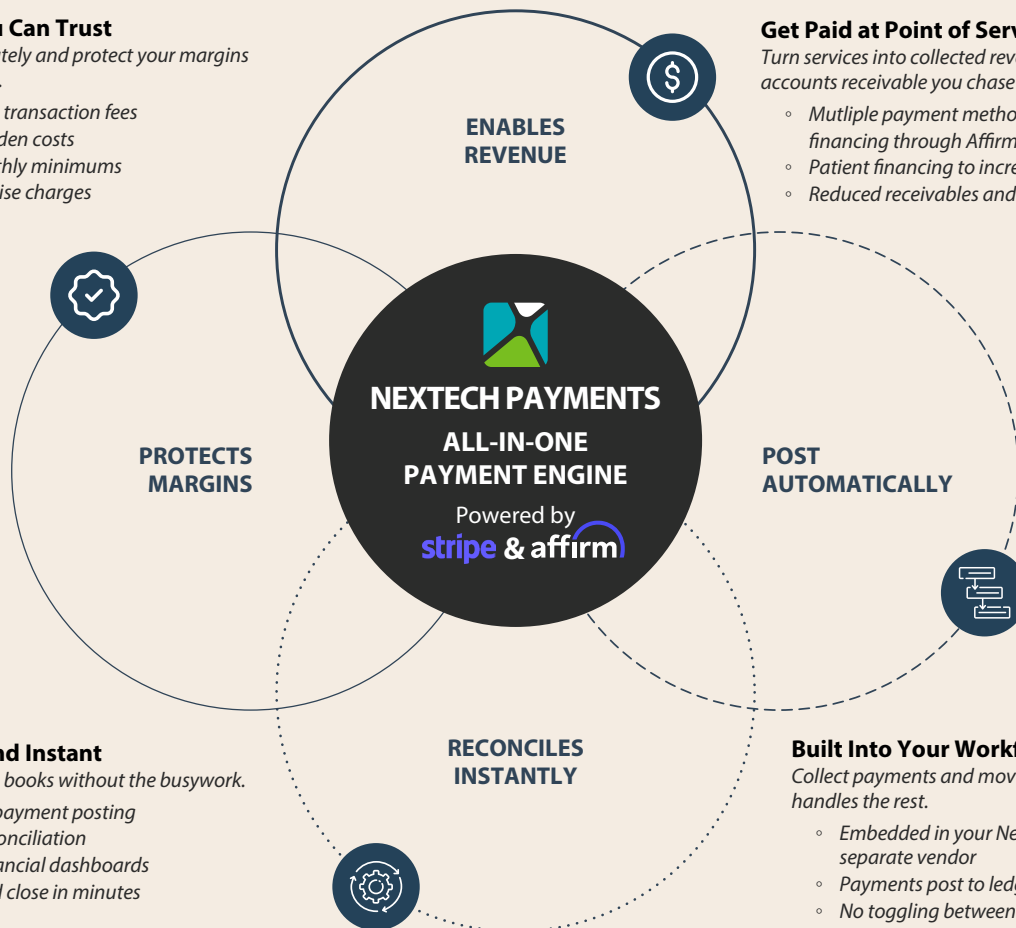

Budget accurately and protect your margins from fee creep.

- Flat-rate transaction fees
- Zero hidden costs
- No monthly minimums
- No surprise charges

## Get Paid at Point of Service

Turn services into collected revenue the same day. Not accounts receivable you chase later.

- Multiple payment methods (card, ACH, financing through Affirm)
- Patient financing to increase treatment acceptance
- Reduced receivables and faster revenue collection

PROTECTS MARGINS

ENABLES REVENUE

POST AUTOMATICALLY

RECONCILES INSTANTLY

## Built Into Your Workflow

Collect payments and move on. The system handles the rest.

- Embedded in your Nextech PM system, no separate vendor
- Payments post to ledgers automatically
- No toggling between systems
- No duplicate data entry

## Automatic and Instant

Always-accurate books without the busywork.

- Real-time payment posting
- Instant reconciliation
- Unified financial dashboards
- Month-end close in minutes
