Unifying the Patient-Provider Journey

Attract and acquire new patients, increase engagement, and improve the quality of care for your patients and providers.

Clinical efficiency starts by tracking every step of the patient's journey — from the moment they check in to the time they check out. Nextech's integrated EHR and PM solution reduces wait times and removes practice roadblocks. **With built-in monitoring capabilities designed to create a better patient experience, you're setting your providers up for success throughout the entire care continuum.**

PATIENT JOURNEY PROVIDER JOURNEY

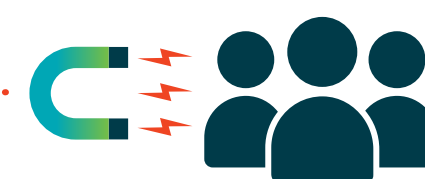

Two-way texting

Reach more prospects with **easy and efficient texting**.

Appointments in the click of a button (or two)

Booking an appointment shouldn't be a hassle — from telehealth to online scheduling — **making appointments has never been easier.**

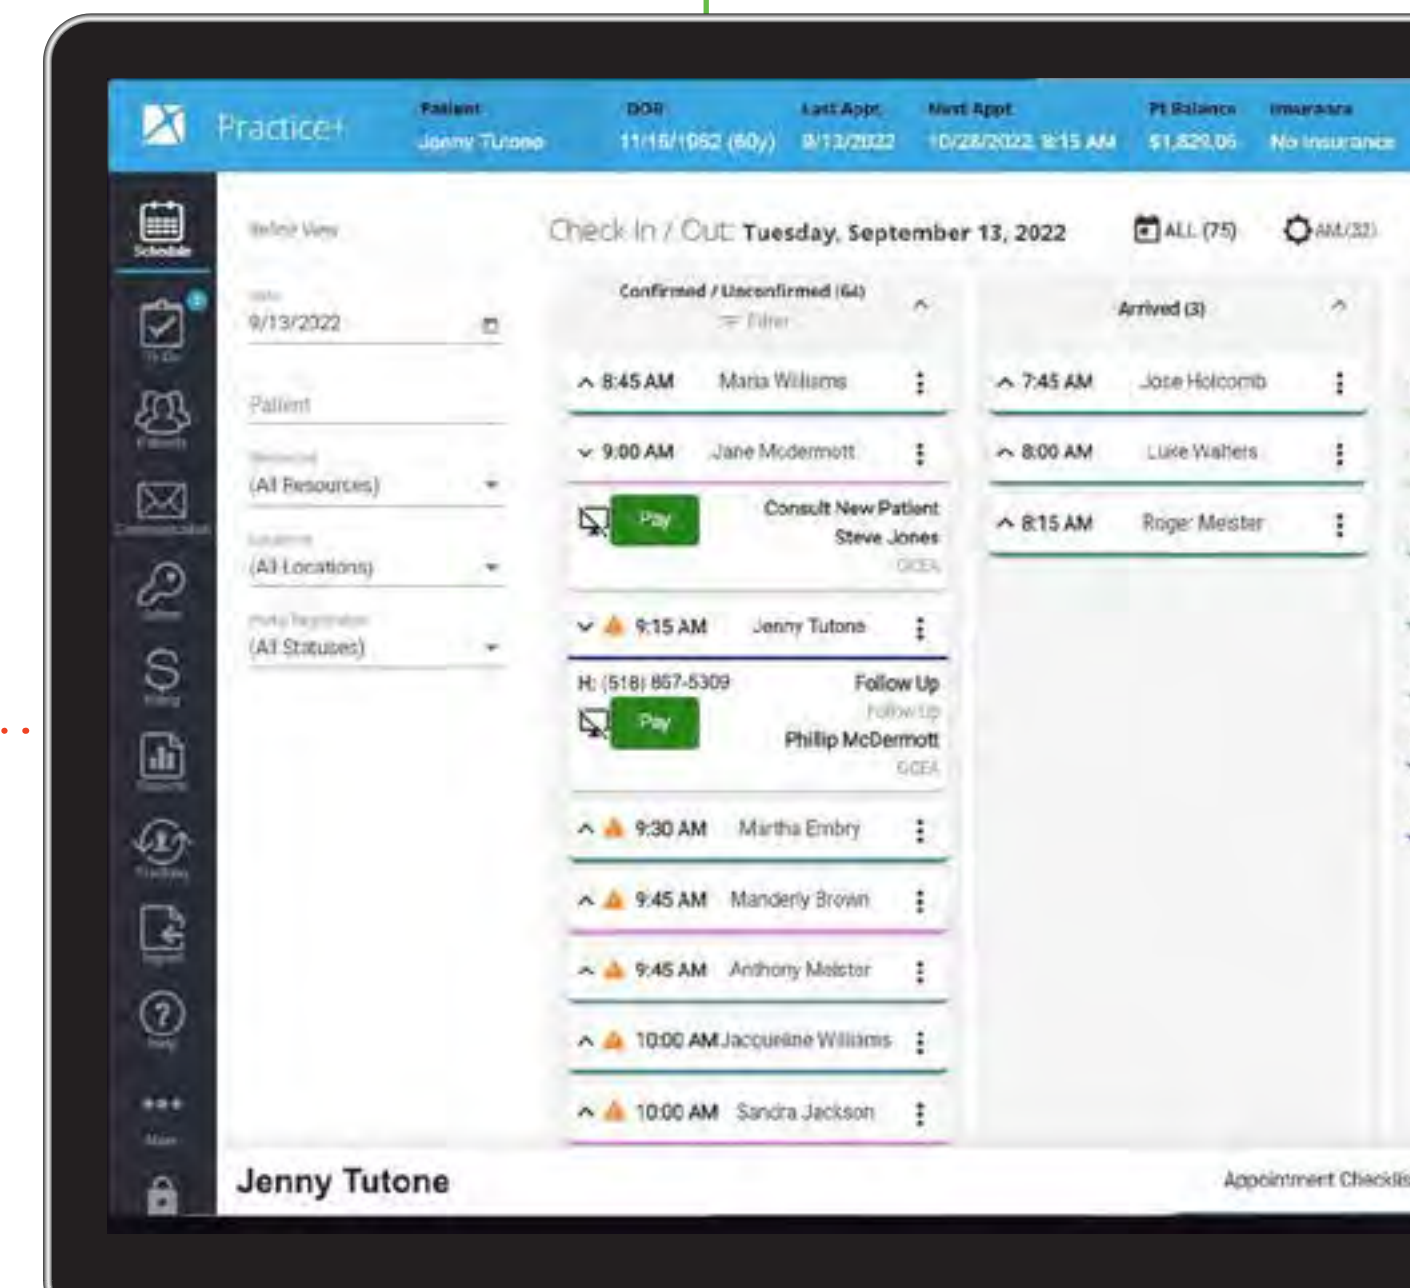

Attract new prospects:

Track all leads through the sales cycle in real time, engage with prospects through marketing automation, and identify the highest performing campaigns.

Appointment management made easy:

Never miss a beat with **multi-location, customizable scheduling solutions** — even for telehealth appointments and online scheduling.

PATIENT MARKETING >>> SCHEDULING >>>

Paper forms are so '99

Improve patient engagement with a **shorter, more efficient check-in process** that will help reduce visit duration and bring your office into this century.

CHECK-IN >>>

Hello! Checking in just became less complicated:

Streamline check-in with ease and flexibility by offering patients the option to complete forms prior to their visit.

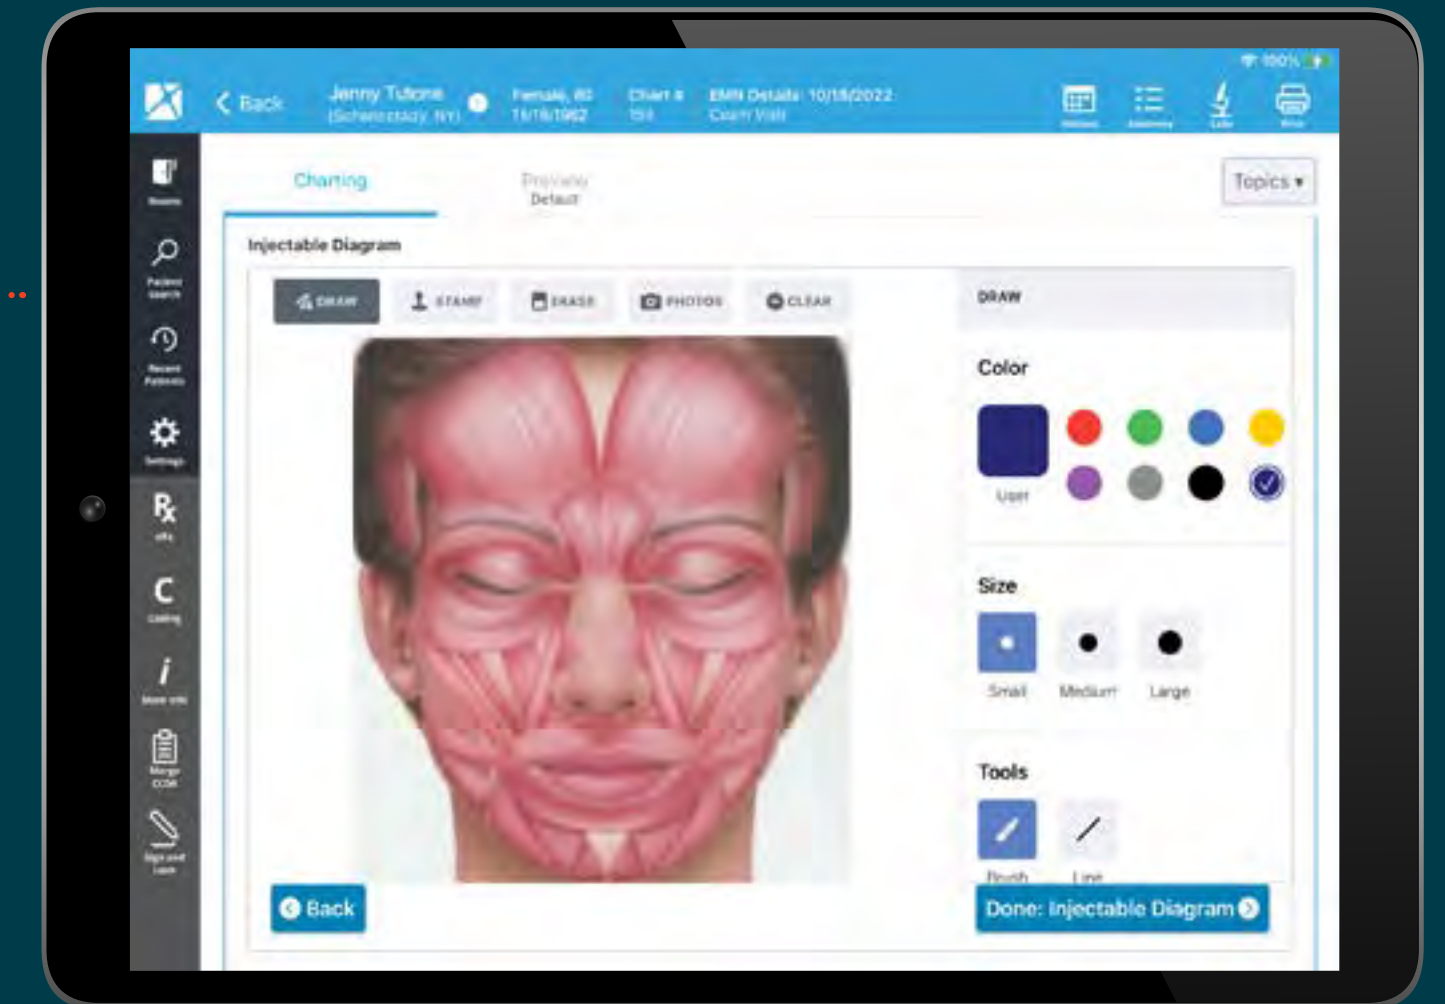

All eyes on you

With a provider spending less time clicking buttons and navigating from screen to screen, Nextech ensures physicians will have **more time to connect with your patient** while navigating their easy-to-reference chart.

APPOINTMENT >>>

Chart on iPads:

Compatible on desktop and iPad, single-page charting empowers providers to tailor every patient encounter. Fewer clicks means less charting time so providers can focus on quality patient care.

Tell us how we're *really* doing

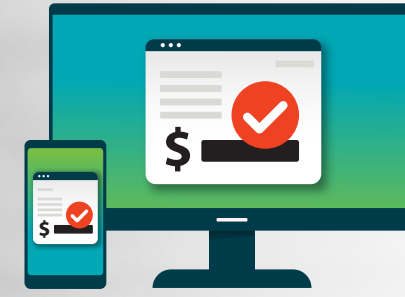

Providers want to hear what is and isn't working at their practice and with their one-on-one patient care. **Reviews and surveys offer real-time feedback.**

CHECK OUT >>>

Feedback is everything:

Patient surveys and reviews benefit providers. The better the reviews — the more leads you'll generate. This is why Nextech also invests in its **robust partner ecosystem.**

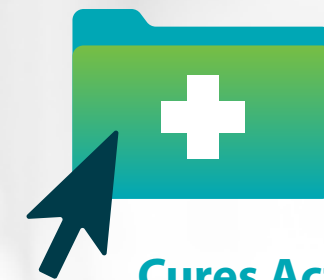

Bills, bills, bills

To easily review or pay bills online, Nextech's integrated payment systems **help patients with a simplified payment experience.**

Get paid:

Getting paid shouldn't be a hassle. With **better reimbursement options** to a **variety of payment plans**, streamline your revenue cycle like a pro.

Cures Act Compliant

For providers to stay compliant, ease of access to patient health records is key. **Nextech makes it easy for patients to request and gain access to all their records.**

Leave compliance to the experts:

Compliance doesn't have to be complicated with Nextech on your side—our team of experts evaluates where you may have risks or opportunities to **increase your MIPS score and maximize reimbursement.**

WHAT YOUR PEERS ARE SAYING:

 Mark D. Epstein, MD, FACS
PLASTIC & AESTHETIC SURGERY

"Implementing Nextech was one of the best moves I've made in my practice. We're documenting faster, better, and more accurately and completely with Nextech. It's very well organized, very quick, and easy to use."

"One of the beauties of Nextech is their vision of being the premier plastic surgery software. Even though it was one of the first products out of the gate, it was also the innovator. They listened to plastic surgeons and discovered what their needs were."

DANIEL C. MILLS, MD-FACS
AESTHETIC PLASTIC SURGICAL INSTITUTE

"Nextech Payments makes it far simpler for us to allow patients to make payments along the way. We can set up automatic and recurring payments since we can save card information to the system."
