INCREASE PATIENT ENGAGEMENT

Simplify patient communication with secure messaging and appointment reminders. Plus, reduce visit duration time by having patient's complete forms prior to appointment.

IMPROVE PRACTICE PROFITABILITY

Intuitive coding assistance streamlines the billing process, increases claims accuracy, and **maximizes reimbursements AND back-office efficiency.**

*"Prior to Nextech, from check-in to check out with a fully dilated eye exam, our practice was looking at between 90–120 minutes and now that we are partners **with Nextech** — our numbers for a fully dilated eye exam are between 50–75 minutes."*

The *only solution* you need for your practice: NEXTECH

Unifying the Patient-Provider Journey

Attract and acquire new patients, increase engagement, and improve the quality of care for your patients and providers.

Clinical efficiency starts by tracking every step of the patient's journey — from the moment they check in to the time they check out. Nextech's integrated EHR and PM solution reduces wait times and removes practice roadblocks. **With built-in monitoring capabilities designed to create a better patient experience, you're setting your providers up for success throughout the entire care continuum.**

PATIENT JOURNEY

Searching for a provider

Cut through the noise and stand out from the crowd. With Nextech's lead generation, **get more eyeballs on your practice** with ads and reviews.

Appointments in the click of a button (or two)

Booking an appointment shouldn't be a hassle — from telehealth to online scheduling — **making appointments has never been easier.**

Partnership is everything:

That's why Nextech invests in its **robust partner ecosystem**, like with CareCredit for patient financing.

CHECK OUT >>>

Never miss another visit

Easily schedule follow-up appointments and receive text message reminders, so you never miss a visit.

Bills, bills, bills

To easily review or pay bills online, Nextech's integrated payment systems **help patients with a simplified payment experience.**

Cures Act Compliant

For providers to stay compliant, ease of access to patient health records is key. **Nextech makes it easy for patients to request and gain access to all their records.**

WHAT YOUR PEERS ARE SAYING:

Dr. David M. Salvay, MD | Salvay Vision

*"My biller has nothing but praise. Based on a post-go live follow up meeting, **our rejection rate is down to about 2 percent.** With an integrated solution like this, the codes pass directly from EHR to Practice Management as soon as I finalize a note. My biller takes over from there, which means it's one less thing I have to worry about besides excellent patient care."*

*"**Nextech is extremely user friendly,** which is one of the driving reasons we bring more and more of our practices onto the platform. **Nextech is intuitive and simple enough that most doctors can click around and figure out the platform** on their own if they need to."*
