

Nextech | Payments

CUSTOMIZE YOUR CHECKOUT EXPERIENCE

Nextech Payments works with a growing lineup of pre-certified third-party hardware to support a range of use-cases and customized checkout experiences.

PRE-CERTIFIED

EMV certified with end-to-end encryption

MULTIPLE WAYS TO PAY

EMV chip & contactless, NFC functionality, and magstripe

CUSTOMIZABLE

Showcase your brand with custom splash screens

VERIFONE® P400 Card Reader

The VERIFONE® P400 is a countertop reader for your web-based or mobile point of sale (POS) application. It connects to your POS application via Ethernet or WiFi (beta).

This reader provides an engaging countertop checkout experience. It can display a custom splash screen and show line item details during a transaction.

It supports EMV chip and tap transactions, mobile wallets like Apple Pay and Google Pay, and magstripe.
