

Wellness & Weight Loss

Nextech's all-in-one software combines both retail and aesthetics functionality into an **end-to-end, personalized treatment platform built specifically for med spas.**

All-Encompassing Patient Care

- **Powerful Patient Education:** Keep patients informed with an educational interface to create awareness of all your aesthetic and wellness services.
- **Simplified Charting:** Mark up photos, complete good faith exams, use customizable chart forms, and get medical director sign-off via automated notifications for remote chart approval.
- **eRx Made Easy!:** E-prescribe and complete prior authorizations within your charting workflow connected to DrFirst. Help patients get prescriptions at the best prices with formulary options.
- **Quick Access to Labs:** Retrieve real-time comprehensive patient information and automate lab ordering.
- **Interactive Telehealth Solution:** Provide a personal touch without being in person.

Visualize Patient Transformations & Showcase Results to Convert Leads

- **Best-in-Class Photo Management:** Track and manage patient progress with before-and-after comparisons. Stunning photography accurately captures every angle with ease and helps manage patient expectations. Easily communicate and share progress with single click "send to patient."
- **Marketing Tools:** Drive interest by sharing photos of patient results directly to social media.

Scale Your Business

- **Lead Management:** Generate leads and keep clients engaged through text, email, and chat.
- **Simplify Recurring Revenue from Wellness Patients:** Create customizable membership offers and easily track employee commissions.
- **Maximize the Point of Sale:** Quickly collect payments and promote specials from anywhere, anytime.
- **Streamline Billing and Payments:** Manage everything, including easy ways for patients to make payments and offer financing options through a centralized hub.

 **70%**

Add Nextech Med Spa for Wellness & Weight Loss and **increase your average patient encounter revenue by 70% or more**
