

Practice Performance Consulting

Our consultants serve as Practice Coaches and have helped hundreds of practice managers and providers achieve greater profitability and performance along with a better understanding of how to deliver a reimagined patient experience.

In the Know, Not in the Weeds

Get guidance for your practice so it doesn't get stuck in the nitty gritty but looks at the overall big picture to achieve your targeted metrics. Based on whether you are looking for improvements with your work-flows, charting, or patient journey, our annual services may include:

- **Full assessment of clinical processes**
- **Front office workflow optimization including scheduling**
- **Patient acquisition and retention review**
- **Overall current performance review including ideal measures**

What's Included

Experienced consultants are highly knowledgeable experts in your specific specialty and are available to work with your practice on an ongoing basis to conduct:

- **Best Practice Setup / Next Level Setup**
- **Phone Consultations—on-sites available upon request**
- **Reporting**
- **Monthly or Quarterly Scorecards**
- **Webinars / Benchmarking**

"Nextech consulting doesn't just help us react to things as they come. They also help us strategize for what's coming in the future."
