Nextech | Payments

CUSTOMIZE YOUR CHECKOUT EXPERIENCE

Nextech Payments works with a growing lineup of pre-certified third-party hardware to support a range of use-cases from mobile checkouts to custom countertop experiences.

FAST & SECURE
End-to-end encryption and P2PE-ready

MULTIPLE WAYS TO PAY
EMV chip & contactless, NFC functionality, & magstripe

ON-READER EXPERIENCES
Collect customer input or run a custom application

Stripe Reader S700

Stripe Reader S700 is the first Stripe-designed smart reader, serving mobile and stationary settings. It offers customizable on-reader experiences for interactions including check-in, ordering, and loyalty management, and is compatible with local payment methods including eftpos, girocard (coming soon), and Cartes Bancaires (coming soon).
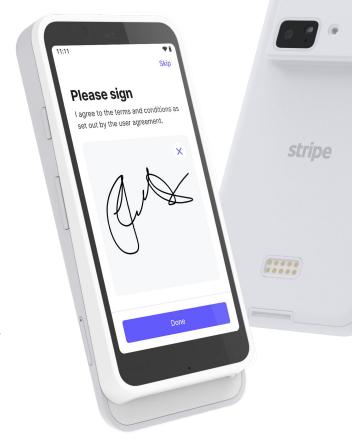

Premium features include high-definition display, Stripe's longest battery life[1], and the ability to custom applications for an all-in-one experience. All Terminal devices offer remote monitoring, cloud-based ordering and logistics, and protection against liability for fraud.
